Table des planches
Indice delle tavole

Tout autant que les tomes I et II du *Lexicon Iconographicum Mythologiae Classicae*, le tome III, dont le volume d'illustrations comporte 736 planches, est l'œuvre d'une inlassable collaboration internationale. Seules la compétence et la bienveillance des divers organismes et des diverses personnalités qui ont bien voulu nous octroyer leur aide précieuse et indispensable ont permis de la réaliser. Une fois de plus, il ne nous est point possible de les nommer ici en raison de leur nombre, mais les directeurs des différents services ou départements des antiquités, les directeurs des circonscriptions archéologiques (éphories, surintendances etc.), les directeurs des écoles et instituts archéologiques, les conservateurs des musées et des collections, les collectionneurs, les collègues et amis qui ont bien voulu nous aider à rassembler la documentation présentée ici ont chacun leur part dans la réalisation de cette œuvre où l'illustration joue un rôle capital: la liste des planches est à elle seule un témoignage de leur réponse généreuse à notre appel.

Que tous trouvent ici l'expression de notre reconnaissance profonde. Comme pour les volumes d'illus-

tration précédents, de nombreuses institutions ont bien voulu renoncer à leurs droits de reproduction ou même ont gracieusement offert les photographies des documents à reproduire; elles nous permettent de présenter une illustration riche mais choisie, compréhensive mais détaillée. Ainsi le tome III,2 du LIMC constitue à nouveau le témoignage du travail collectif de la communauté scientifique internationale à laquelle, nous l'espérons, il apporte en retour une contribution attendue.

LILLY KAHIL

Secrétaire général du
